AN FDIC EVENT

Fire Engineering India™

5 - 7 MAY 2011

PRAGATI MAIDAN, NEW DELHI, INDIA

WWW.FIREENGINEERING-INDIA.COM

## DEVELOPING KNOWLEDGE SKILLS AND TECHNIQUES FOR THE FIRE INDUSTRY CALL FOR PAPERS - Deadline 31 July 2010

Over the past 80 years PennWell has established itself as major organizer of Fire Exhibitions, Conferences and Training programmes from its flagship event, FDIC Indianapolis, to smaller more specialized events on the east and west coasts of America. Building on this legacy, PennWell has partnered with Inter Ads Exhibitions in India, to launch Fire Engineering India (FEI) - an exciting new conference and exhibition for the fire industry in Delhi in May 2011. FEI is set to become India's leading Fire event, offering an International Exhibition and Conference and the opportunity for a multi-faceted training and demonstration programme.

### FEI Conference

A unique conference programme at FEI will provide classroom based learning that will not only give fire health and safety professionals the most up-to-date knowledge but also critical new learning opportunities on how to prevent and combat fires. The FEI conference committee is comprised of distinguished industry experts and specialists from the Indian Fire and Fire Protection Industry with extensive experience and expertise.

**Mr. R.C. Sharma, Chief of Delhi Fire Service, is chairing the Advisory Council of FEI 2011**

### Conference Topics\*

- Fire Safety
- Electrical Safety
- Smoke Management and Modeling
- Education/ Training/ Public awareness
- Maintenance of Fire Equipment
- Fire Management Policy
- Carbon Sequestration
- Ecosystem Function and Restoration
- Fire Prevention
- Meteorological and Climate Factors
- Fire Behaviors (Fire Behavior Modeling, Smoke Dispersion, Decision Support Systems, Fire Suppression Systems)
- Fire Ecology
- Socio-economics Factors
- Urban Wildland Interface
- Fire and Thermal Models for Fire Resistance Evaluation
- Industrial Fire (Oil and Gas Fires, Vehicle Fires, Fire Insurance, Market Fires, High Rise/Residential Fires, Maritime, Aviation, Hotel Fires)
- Security, Safety and Fire Safety interface
- Standard and Specification (National Building Code)
- Technology and Fire Specification Systems
- Personal Protective Equipments
- Case Studies

\* These are the potential topics to be covered in the conference programme, but are not limited to the above topics.

### SUBMIT AN ABSTRACT

The Advisory board of Fire Engineering India is now accepting abstracts for presentation at the Fire Engineering India 2011 conference. Speakers at the conference will be in a perfect position to gain the high profile and professional recognition that will come from sharing their technical and strategic knowledge and ideas with an international audience and influential figures from India's fire sector.

### ABSTRACT SUBMITTAL PROCEDURE

- All abstracts must be submitted by 31st July 2010
- The Advisory Council of FEI India will review all abstracts and make a selection.
- All abstracts must be submitted in English, using the attached form. Only duly filled abstract form will be accepted.
- The main body of your abstract should be between 200 - 300 words.
- Overtly commercial abstracts will not be accepted for the conference.
- In submitting an abstract you are indicating your availability and willingness to attend and present a paper at FEI India 2011. If selected, you may participate in the conference at your own expense.
- Please ensure that the speaker and author details are correct at the time of submitting your abstract, as these will be used for pre-event marketing purposes.
